## HOTMOBIL MHZ 150

ArtikelNr.: HM2000000200

### Your advantages

- **Mobile Unit**
- **Low-Nox burner technology**
- **Optimum operation via side panel**
- **Including heating oil tank**

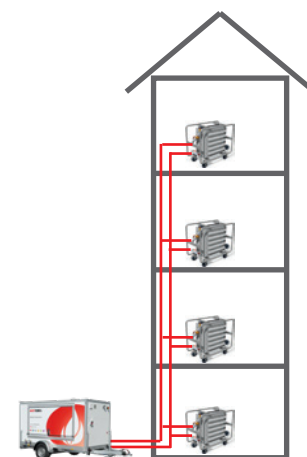

The smallest of our mobile units. Fitted with the latest Low-Nox burner technology they also make a positive contribution to environmental protection. And, of course, fitted with heating water generation, a circulation pump, expansion vessel and integrated tank system. The control system meets all require-

ments and can be operated regardless of weather. Easy single-axle design allows moving the unit on site by a single person. Convenient operation is provided at standing height via a side panel. This model series can also be operated with liquid gas, which considerably reduces CO2 emissions.
