Max. operating pressure	10 bar
Operating temperature	90° C
Heating register	12 Liter / 20 bar / 200°C max.
Transmission surface area	1.8 m ²

Subject to technical changes - only for information

Your advantages

- Made of stainless steel
- Can be installed outdoors
- Tested according to DVGW / SVGW

Our mobile hot water reservoirs made of stainless steel offer hygienic process water solutions. Particularly in combination with our mobile electrical heating units – HOTBOY – large hot water output

is no longer a problem. Can be used for events or conversion tasks, simply wherever a lot of hot water is required.
